Mechatronic V-model: vocabulary

Look at the picture of a mechatronic development process. Every part has a number. Match the names in the word box to the numbers, then write in your own words what each part does.

Word box

Software modules • Requirements Definition • System Validation • Subsystems • Electronic circuits • Integration and Verification • Stakeholders • Domain-Specific Design • Mechanical parts • System Design

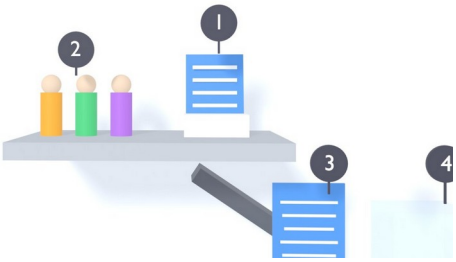

Task 1: match and describe

Write the name of each numbered part in the table. Then write what the part does.

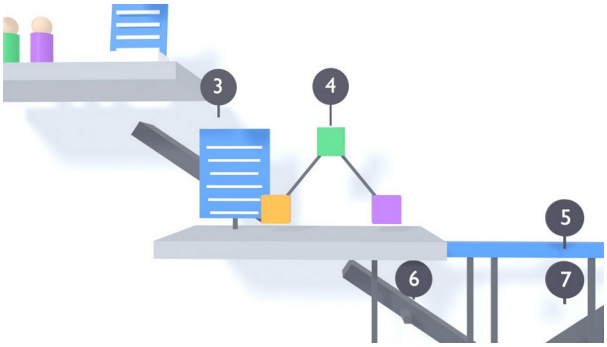

No.	Name of the part	What does it do?
1		
2		
3		
4		
5		
6		
7		
8		
9		
10		

The five stations

In the next exercise you will see five short clips, one for each station. The pictures below show where each clip ends. Numbers at the edge of a picture belong to the next or the previous station.

Station 1 (parts 1, 2)

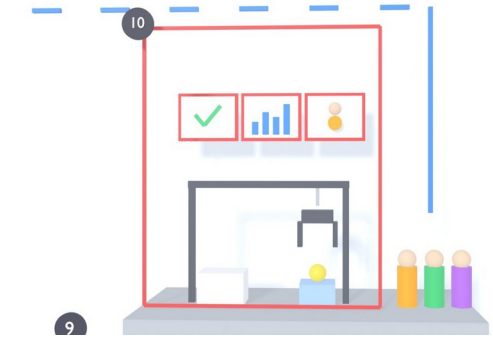

Station 2 (parts 3, 4)

Station 3 (parts 5, 6, 7, 8)

Station 4 (part 9)

Station 5 (part 10)

Color key

Blue = documents, requirements and designs
Orange = mechanical
Green = electronic
Purple = software
Red = tests
