Production of a titanium hip implant: parts and functions

Look at the pictures of the production line. The numbers show the machines and the material in the order the process uses them. Match the names in the word box to the numbers. Then write in your own words what each part does.

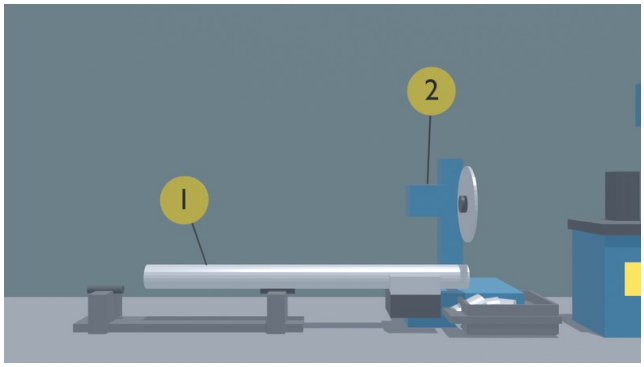

Blasting cabinet • Coordinate measuring machine • Bar saw • Packaging cell • CNC machine • Titanium bar • Laser marker • Forging press • Ultrasonic cleaning bath • Polishing machine

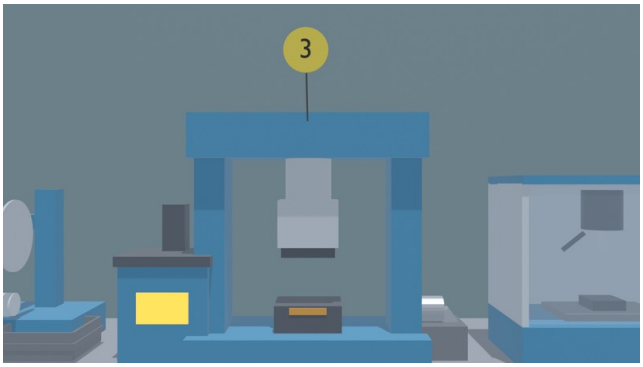

No.	Name of the part	What does it do?
1		
2		
3

Pictures of the seven stations

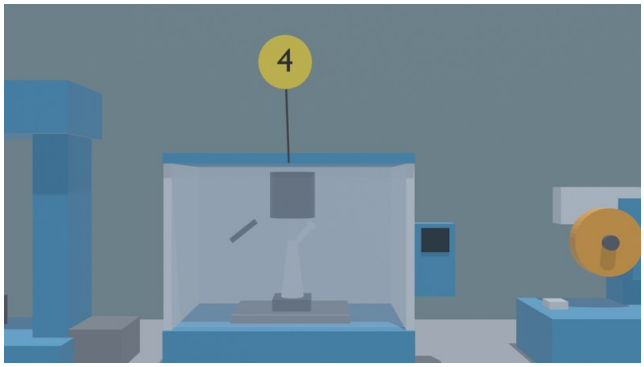

Each picture shows one step of the process. Use them to find the numbered parts. The numbers are the same as in the table on page 1.

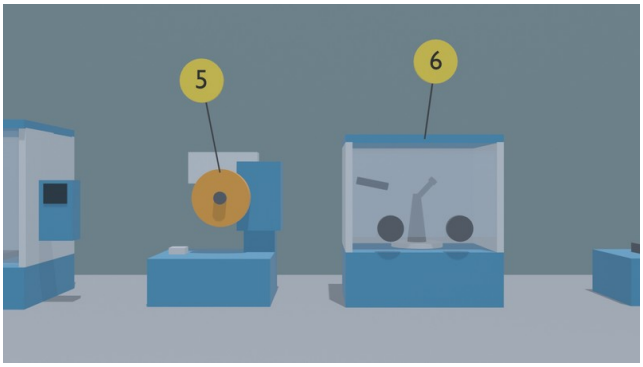

Station 1 (parts 1, 2)

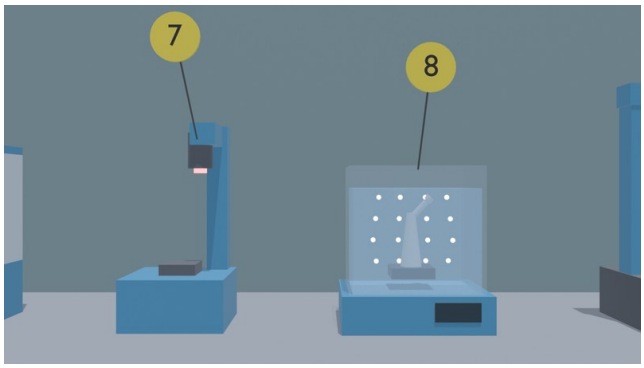

Station 2 (part 3)

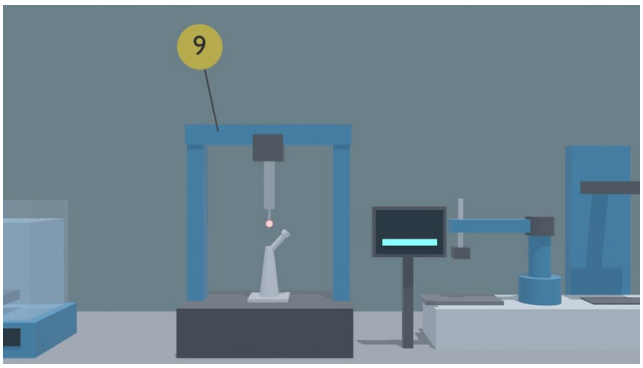

Station 3 (part 4)

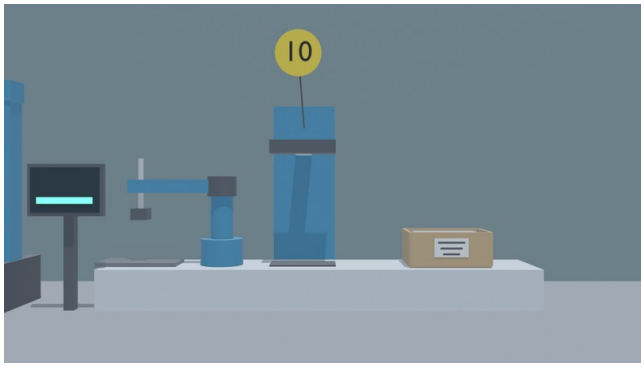

Station 4 (parts 5, 6)

Station 5 (parts 7, 8)

Station 6 (part 9)

Station 7 (part 10)
